

Circulation nearly 1900.

BRIEF MENTION.

The frost-bitten corn is rallying.

Cotton planting has fairly begun in this County.

Messrs. Todd & Hahn will soon begin the erection of a residence for Mr. J. M. Payne.

Mr. J. N. Hembree, of Garvin township, has been appointed a Notary Public for this County.

"True Manhood" is the subject of an essay to be read before Anderson Division this evening by H. G. Sunday, Esq.

Maj. John B. Moore has promised to tell the readers of the INTELLIGENCER next week something about his recent trip to Texas.

The many friends of Mr. A. B. Towers will regret to learn that he has been confined to his bed by sickness for the past week.

The Grand Lodge, Knights of Honor, of this State met in Newberry on Tuesday last. Anderson Lodge is represented by Mr. J. J. Baker.

The demand for commercial fertilizers, say the agents, has never been so great since they came into use as it has been the present season.

The exact number of hens filed in the office of the Clerk of the Court for this County up to Tuesday night last is 852, and still the good (?) work goes on.

C. A. Ired, Agent, is selling a great many of these cheap hens received a few days since. He offers great bargains in hats and clothing.

The road bed of the Blue Ridge and Anderson Branch Railroads is to be relaid with new oak cross-ties, and otherwise improved. It will certainly not be done before it is needed.

Anderson is represented in the annual meeting of the State Medical Association, which is in session in Charleston this week, by Drs. A. P. Willite, M. L. Sharpe and W. H. Nardin.

Appointments of the Y. M. C. A. for next Sunday: To conduct the afternoon meeting, J. A. Brock; Poor House Committee, J. W. Todd, J. H. Clarke; Jail Committee, W. M. Wilcox, H. G. Sunday.

A change for the advertisement of Mr. S. S. Reed & Herrick was received too late for this issue. Before purchasing your publication supplies be sure to give them a call. They sell at bottom figures.

Saturday passed off more quietly than usual. A good many people were in town, considering the bad weather, but as there was nothing of interest on hand they attended to their business and returned home.

The 24 Quarterly Meeting of Anderson Station will be held on next Saturday and Sunday. Rev. S. B. Jones, D. D., will preach Sunday morning and night.

J. E. CARLISLE, P. C.
Mr. J. C. Keys has a little calf 17 months old that weighs 1036 pounds, and a little pig 4 months old that weighs 140 pounds, and the latter is increasing in weight at the rate of two pounds per day. Who can beat it?

Jerome Clark, a colored Democrat of Martin township, had his house and all of its contents destroyed by fire recently. His white neighbors, sympathizing with him in his misfortune, have given him almost as much as he lost.

The finest specimen of wheat that we have seen this year was brought to our office last week from the field of Mr. O. H. P. Fant. It was over three feet high, and had a dark, rich color. Mr. Fant makes a success of every undertaking.

If a subscriber to the INTELLIGENCER can afford to send sweet potatoes all the way from Florida with which to pay his subscription, what excuse is there for a man living in Anderson County who allows his subscription to remain unpaid?

A farmer of this County desires to know through the INTELLIGENCER what will prevent a mule from belling its tongue out. Will some of our readers who can tell him please do so. It is a question that many a one would like to have satisfactorily answered.

Dr. S. M. Orr and family arrived in Anderson on last Tuesday morning, after an absence of several months. Dr. Orr has just completed his course of lectures in the Medical College of Philadelphia, and returns to us in a full fledged M. D. We bespeak for him a prosperous future.

The man who took the blanket from his bed with which to protect his pet peach tree from the pending freeze on Thursday night and nearly froze himself for the need of it, now swears eternal vengeance against the man who assured him that such a course would insure him luscious peaches next August.

Rev. W. H. Strickland has gone to Augusta to assist in a special religious meeting in the Church of the brother, Rev. C. H. Strickland, and will be absent from his charge at this place for two weeks. His pulpit will be supplied on next Sunday by Rev. J. S. Murray and on the Sunday following by Rev. H. B. Fant.

The following officers were installed on Saturday, 5th inst., to serve Union Grove Division, No. 104, Sons of Temperance for the ensuing quarter: H. A. Landress, W. P.; R. A. Drake, W. A.; E. J. Kay, R. S.; M. S. V. Burgess, A. R. S.; Miss I. M. Harris, P. S.; J. R. Burgess, Treas.; Mrs. S. E. Burgess, Chap.; L. A. Garrett, C.; Willie Scott, A. C.; Miss C. A. Brown, I. S.; Ira Brown, O. S.; E. M. Snijes, P. W. P.

Those of our country people who have more butter, eggs, poultry, potatoes, &c., than they can dispose of to advantage in their home markets will doubtless find it to their advantage to correspond with Mr. Geo. M. Coffin, dealer in country produce, Charleston, S. C., whose advertisement appears in another column. He is a reliable and trustworthy gentleman, and persons in dealing with him can expect honorable treatment.

The Dime Reading at the residence of Rev. W. H. Strickland on last Friday evening was a very pleasant occasion. Messrs. J. L. Traile, J. B. Murray, Jr., A. P. Johnstone and Miss Ella Blackley each read highly entertaining and edifying articles from standard literary works, while most excellent music was furnished by a corps of ladies and gentlemen of superior musical talent. We hope that entertainments of a similar character may be frequently given in the future. They are both pleasant and instructive to those who attend, while those who are called upon to read have an excellent opportunity of cultivating the art of reading aloud. Such entertainments should be encouraged.

We have received the first number of the Home Circle, a neat little paper published in Charleston by Mrs. M. E. C. Heidon, an intelligent and highly accomplished lady, and

judging from the contents of the first number of her journalistic enterprise, one eminently worthy of a liberal patronage by our people. We would be glad to see the Home Circle enlarged to five times its present dimensions, and in the home of every Carolinian. The South is in need of just such enterprises. Her people possess literary talent, if properly developed, equal to that of any people, and every effort made to develop it should be encouraged. We see no reason why a first-class literary journal should not succeed in the South as well as elsewhere. Our people must and will have good reading matter, and the demand for it increases every year, and we believe they would patronize a home paper, if properly conducted, as readily as those published North, many of which are not worth the paper they are printed on. We should patronize home industries of every character, and particularly those that tend to cultivate, refine, elevate and purify the morals of our own people, even though it costs us, pecuniarily, a trifle more.

The sudden change in the weather last week from moderately warm to bitter cold caused great destruction to the vegetables and fruit in this County. The frozes on Thursday and Friday nights last were almost equal to any of the past winter. The ground was frozen several inches deep, and frost and ice were as plentiful as in the dead of winter, the latter not thawing, even where fully exposed to the sun, until the middle of the day. The fruit trees were in full bloom, the gardens were far advanced, and we were congratulating ourselves upon the flattering prospects of early vegetables and an abundant fruit crop. It would be difficult to give an idea of the disappointment occasioned our citizens when they went out into their gardens on Friday morning and found their beans, potatoes, peaches, apples, &c., withering and blackening from the effects of the previous night's freeze. The fruit crop is totally destroyed, and everything in the vegetable line susceptible of injury by extreme cold has suffered the same fate. We are thankful to learn, however, that the small grain crops escaped without serious injury, if injured at all. Our misfortunes are never so serious that they could not be a great deal worse.

The fence law is gradually gaining favor all over the State, and just now the farmers of Edgefield are debating as to whether or not they should have its provisions extended to their County. Unless Edgefield has considerably more timber than most of the other Counties in the up-country, and a great deal more than it has any use for at present, or will be able to utilize in the future; unless her farmers have a great deal more time in which to split rails, build and repair fences, &c., than that of her sister counties, she will find the fence law a great blessing. Indeed, we believe every county in the State, with one or two exceptions, would find this law beneficial to the interests of its citizens. Let those who doubt it come to Anderson, where it has been in operation only one year and three months, and see for themselves what it has done for our farmers. Hundreds—we might truthfully say thousands—of acres of productive lands have been put in cultivation that had long since been thrown away simply because it could not be fenced, and which was fast going to ruin; the quality of our stock is being improved while the quantity is being reduced; the labor and money that was formerly put in long and unbroken lines of fencing is being devoted to permanent improvements in the way of good houses and comfortable and cheerful homes; blessings that all mankind crave and long for—and in many other ways we are reaping inestimable benefits from its wholesome operation. Those who opposed its adoption in this County now see and recognize its wisdom, while those who favored it enjoy many benefits they never dreamed of obtaining from it. The universal verdict is, the law is a most excellent one, and we would not be without it for any reasonable consideration.

A Panther Also.
Not satisfied with having our timid citizens frightened with the report of a veritable live bear ravaging the forests and prowling around generally on the upper side of this County, the report now comes that brain is to have an ally, in the way upon the natives in the shape of a ferocious panther, of which our contemporary, the Greenville Advertiser, says:
We received information a few days since that a genuine panther has been committing depredations lately in the vicinity of Piedmont, nine miles below Greenville. It was first seen about three weeks ago, and annoys the public by killing pigs, chickens, &c., and frightening horses, cattle, &c., in their pastures or stables. About ten days ago it followed several women a considerable distance on account of some fresh meat they were carrying. Several times it has been shot at, but so far it has escaped. People in the neighborhood are said to keep their doors shut at night, and the presence of his pawderness prevents marauding expeditions by the colored gentry. At last accounts the animal had crossed over into Anderson County.

The Y. M. C. A. State Convention.
The Fourth Annual Convention of the Young Men's Christian Association of this State will convene in the Methodist Church at this place on Thursday, 24th of this month, and will be in session during the two days following. The number of delegates is not limited, and it is expected that every Association in the State will send a large delegation. The State Executive Committee extend a cordial invitation to pastors of churches, professors and teachers in colleges and schools, and young men interested in Christian work, to be present and participate in the meeting. All such will have every privilege, except voting, which belongs to the regular delegates. A party of prominent workers from other States, including representative of the International Y. M. C. A. Committee of the United States and British Provinces, are expected to be present, and with the live, active and earnest body of young men from the State Associations, it is expected that the meeting will be one of unusual interest and profit to the cause in this State.

The sessions of the Convention will be opened with appropriate religious services. In connection with the transaction of important business, topics suitable to the occasion, and which affect the welfare and prosperity of the order, will be discussed.

The Association at this place is making every effort to render the stay of the delegates in our midst as pleasant as possible, and will extend a hearty welcome to every one who may come.

The South Carolina and Greenville & Columbia Railroads will pass delegates each way for one fare; the Charlotte, Columbia & Augusta and Wilmington, Columbia & Augusta Railroads for three cents per mile each way.

Our Agents.
The following gentlemen are authorized agents for the INTELLIGENCER, and persons indebted to us for subscription are requested to make payment to either of them or to ourselves:
James W. Moore, Belton.
M. T. Elgin, Home Path.
Dr. P. H. E. Sloan, Pendleton.
H. P. Sifton, Pendleton Factory.
John M. Glenn, Equality.
A. W. Pickens, Piercetown.

Transfer of Real Estate.

The following transfers of real estate are recorded in the Auditor's office as having been made during the month of March:
Joseph W. Major to W. A. G. McWhorter. Tract of 47 acres in Pendleton township. Consideration, \$80.

Mary Wakefield to S. M. Bowen. Tract of 1841 acres in Hall township. Consideration, \$1296.

C. S. Mattison to Chas. Anderson. Tract of 1063 acres in Hall township. Consideration, \$1.

T. J. Sullivan to Mrs. A. J. Brezeale. Tract of 129 acres in Belton township. Consideration, \$1600.

Cudjo Thompson to C. James. Tract of 7 acres in Martin township. Consideration, \$63.50.

Mrs. Nancy Moore to Joseph B. Moore. Tract of 47 acres in Broadway township. Consideration, \$900.

Sarah C. Neal to Wm. S. Sharpe. Tract of 245 acres in Hopewell township. Consideration, \$125.

Martha A. Hartsteno to J. C. Boozer. One lot in Williamston township. Consideration, \$3.

C. S. Deaty to Wm. B. Watson. Tract of 79 acres in Corner township. Consideration, \$129.

A. W. Ramsey to W. C. Stone. Tract of 88 acres in Belton township. Consideration, \$290.

Susan Crawford to James M. Payne. One lot in Anderson. Consideration, \$400.

A. Meredith to J. R. Meredith. Tract of 31 acres in Fork township. Consideration, \$35.

Law Blanks.
We have now on hand the following law blanks, which we will furnish at Charleston prices, and persons in need of any of those mentioned below are invited to inspect our stock before ordering from elsewhere. They are gotten up in good style and are printed on the best of paper:

Townville.
Wheat begins to look promising.....The heavy frosts of last week killed all the young fruit.....Rev. J. R. Riley will preach in the Presbyterian Church next Sunday.....Some of the farmers in this community commenced planting cotton on last Monday.....Uncle Billy Palmer, whose great age we mentioned recently, is quite ill, and little hope is entertained of his recovery.....The Baptist Sunday School, under the efficient superintendence of Mr. E. P. Earle, grows steadily in numbers and interest.....School Commissioner Todd visited the schools in this township this week.....Efforts are being made to institute a lodge of the Independent Order of Good Templars at this place, and the undertaking promises to be successful.....A number of Pork farmers in conversation the other day recalled the fact that ten years ago they jointly cultivated only 54 acres, whereas the area which they now cultivate is 444 acres. This circumstance is mentioned as a fair sample of the progress made by our farmers in the last decade.

Third Union District, Saluda Baptist Association.
The next meeting of this body will be held with Cross Roads Church, commencing on Saturday before the fifth Sunday in June next. The following programme was arranged at the last meeting at Townville:

I. Organization and general business from 10 to 11 o'clock.
II. Exhortatory sermon, by Rev. J. S. Murray, at 11 o'clock.
III. Question for discussion: How can we fill the Lord's Treasury?
IV. How shall we secure equality of contributions? What plan will accomplish the result?
V. Is it the duty of Deacons of every Church to work some plan which will provide for the poor, pay church expenses, pastor's salary and support missionaries?
VI. What shall be the penalty of refusing to contribute?
Speakers: Maj. E. B. Murray and Rev. J. H. Earle.
VII. Sunday services:
1st. Sunday School mass meeting at 10 o'clock. Addresses by Rev. I. W. Wingo and L. P. Smith.
2d. Missionary sermon at 11 o'clock by Rev. W. H. Strickland.
3d. Afternoon sermon by Rev. I. W. Wingo.

The following resolutions were passed unanimously by the Union at Townville: Inasmuch as through the influence and suggestion of Elder Jacob Burris the Saluda Association was induced many years ago to organize and set on foot the present system of holding Union Meetings; and whereas Elder Burris was for many years an honored member of this Union. Therefore, be it

Resolved, That in the death of Jacob Burris this Union has lost not only the originator, but an honored member and a faithful Christian worker.
Resolved, While we deplore the loss of Father Burris, we bow in humble submission to the will of the Great Disposer of all events.
Resolved, That this Union tender to the bereaved family every heartfelt sympathy.
Resolved, That a page in our minute book be inscribed to his memory.
J. S. MURRAY, Moderator.

A Disease that Wrecks the System.
Every function is deranged, every nerve unstrung, every muscle and fibre weakened by fever and ague. It is, in fact, a disease which if unchecked, eventually wrecks the system. In all its types, in every phase, it is dangerous, destructive. Stomach, delirium, convulsions, often attend it, and cause swift dissolution. But when combated with Hostetter's Stomach Bitters its foothold in the system is dislodged, and every vestige of it eradicated. That benign anti-febrile specific and preventive of the dreaded scourge is recognized not only within our own boundaries, but in tropic lands far beyond them, where intermittent fevers and malarial diseases are fearfully prevalent, to be a sure antidote to the malarial poison and a reliable means of overcoming disorders of the stomach, liver and bowels, of which a vitiated torrid atmosphere and brackish mismanaged water are extremely provocative. All emigrants and travelers should be supplied with it.

The Latest Musical Wonder.
The Organette, representing Organ and Organist, Music and Musician. Not a mere toy, but the most perfect instrument of the age. Plays from one to thirty tunes. No limit to either kind or quality. Plays Hymn Tunes, Popular Songs, Polkas, Waltzes, Reels, Quadrilles and Hornpipes with perfect accuracy. A mere child can play it. Constructed on the principle of a cabinet organ and plays automatically from tunes on perforated paper. In handsome case, 2 ft. long, 1 ft. wide, 1 ft. high. Price, including Four Tunes, only \$10. Extra tunes 25 cents each. Guaranteed to give more satisfaction for the money than any other musical instrument in the world. Agents wanted everywhere. Send for descriptive circulars. Address L. L. DEN & BATES, Savannah, Ga., 38-3 Wholesale Southern Agents.

PRUSSIAN.

THIS CELEBRATED Thoroughbred horse will make the season of 1879 at the stables of CARRIER & McHEE, Greenville, S. C. Prussian was bred by Col. E. B. C. Cuth of Charleston, S. C., and the following description by him will be all that is necessary:

Prussian was sired by Gen. York, he by Planet, and out of Albion. The dam of Prussian was bred by Wade Hampton, she was sired by Clarence, and her dam by Friar. The dam of Prussian was full sister to the famous race mare, Sallie Hampton. (See Turf Register and Racing Calendar.) Every drop of blood that courses in Prussian's veins is inherited from the best stock in America, and I regard him as the best horse in the State. While on the turf, Prussian was remarkable for speed and repeating power. At Wilmington, N. C., he made (in mile heats) the fifth mile in the time of 1:44, and ran a mile in 1:14. S. C., which was claimed by his friends to have been the fastest time ever made in the world on a 2 track. The last winter that I ran Prussian, he won six races, and beat every horse that he ran against. As a stock horse, I can honestly say I have never seen a better one. His colts all resemble him and show blood, and, as far as I know, are very rapid trotters. E. B. C. CASH.
